National Distribution Centre to move to Wetherill Park over this Xmas/New Year

8 Enterprise Place
Wetherill Park, NSW

Lidco's distribution facility, currently located at Arndell Park, will move this forthcoming Christmas/New Year period to a much larger facility at 8 Enterprise Place, Wetherill Park. This new facility is approximately 35% larger than the existing one and is very close to our major powder coaters and annodisers. It will be fitted with state-of-the-art racking, storage and materials handling systems permitting larger stock holdings, improved stock accuracy and reduced lead times.

Lidco's Brisbane warehouse will close early in January 2009 and as has been the case with all other states for some time; all orders and deliveries will be handled out of Sydney. The sales and customer service functions in Brisbane will be increased.
